## *His Love and Service to the Community*

**Alberto** volunteered his service to society in the Harford County Community through tutoring school age students and adults at the Public Library. He refused to accept payment; knowing that he was sharing his knowledge was his reward.

His speciality was Math; he was known to balance his check book to the penny. Alberto tutored students in Algebra, Geometry, Trigonometry and Calculus. He was fluent in Spanish and often assisted students with their studies.

Alberto enjoyed deep sea fishing. Wow what a big catch! He especially enjoyed large family gatherings and traveling. In the military, he traveled the U.S. which became one of his favorite past times after retirement. His favorite vacation sites were Las Vegas; Hawaii; Seattle Washington Space Needle; Panama Canal Centennial and to State and local conventions with the Alpha Phi Alpha Fraternity.

He loved talking politics with his co-workers, family and friends. His opponent was sure to lose when facing off in a political debate. Alberto often had lunch with his friends Daryl Williams, Jessie Shanks, Sam Wright and Selena Watson (Nazzie).

Alberto was very kind hearted and had a giving spirit. He donated annually to over 20 organizations. He lived by this motto, "if you want your life to mean something, don't ask how much you have, ask how much you can give." He always volunteered his time and made monetary donations to many organizations.

He had a genuine love for  
It has been a true blessing  
past 30 years. I thank God

our neighbors, Joe and Jan Magby.  
to have them in our lives for the  
for them.

He ended this life with Timmy by his side helping him to recite the Lord's Prayer and his last words were: NOW I LAY ME DOWN TO SLEEP.

## *We will miss you forever Alberto*

With all my Love,  
Pat
