

### Son

It's sometimes hard to know  
Why some things happen as they do  
For so much *joy and happiness*  
Was centered around you.  
Is seems so hard to comprehend  
That you're no longer here  
But all the *happy memories*  
Will help to keep you near.  
You're thought about with *pride*, Son  
With each mention of your name  
Death cannot change a single thing  
The *love* will still remain

### Brother

Today is full of memories of a brother laid to rest and every single one of them is filled with happiness For you were someone special always such a joy to know and there was so much pain when it was time to let you go That's why this special message is sent to heaven above for the angels to take care of you and give you all our love .

My son, a great calling was placed on the crown of your head. Your birth—your journey through life—touched and moved hearts a plenty.

Your infectious laugh, laid-back demeanor, joyous presence; all given and welcomed with open hearts. You are not gone; no! You are alive in the

silent force that moves us all. You live in the memories adorned on the walls of hearts and souls you infectiously touched. Go and rest for you feel pain no more. You are with your creator now, resting in their gentle hands. Continue to touch our lives, guiding us now as our guardian angel.

Rest in peace my son.
