The Moment That You Left Me

My heart split in two. One side filled with memories, the other side died with you.

*I often lay awake at night
when the world
is fast asleep, and take
a walk down memory lane
with tears upon my cheek.*

*Remembering you is easy, I do it
everyday, but missing you is a
heartache that never goes away, I
hold you tightly within my heart and
There you will remain.*

*You see life has gone on
without you, but you
will never be the
Same.*
