He graduated from Texas Tech University with a bachelor's degree in Mechanical Engineering, where he was a member of the Tau Beta Pi ASME. He married Angela Kristine Reid on December 15, 1990 in Big Spring. They moved to Midland, where he worked as a Facility Engineer for Chevron. They moved to Odessa, where he worked as the Plant Engineer for Warren Petroleum, and as an Asset Engineer, Senior Field Supervisor, and Regional Measurement Advisor for Dynegy. They moved to Andrews in 2001, where he worked for Targa Resources as the Area Manager in Eunice, New Mexico and was currently the Regional Engineering Manager for the Permian Basin Region Assets. While working in Eunice, he was very involved in the Chamber of Commerce. While living in Odessa, his family had been very involved at Grace Lutheran Church as church members and youth leaders. They were current and faithful members of Means Memorial United Methodist Church in Andrews, where he was involved as a youth leader and his wife, Angela, was the Youth Director.

James loved Texas Tech University, the Dallas Cowboys, playing and winning Fantasy Football, skeet shooting, and driving his Z06 Corvette. He will be remembered for being very patient, a loving man, financially wise, knowledgeable in biblical values, and a jokester that liked to have fun by picking on friends and family. John 14:1

Let not your hearts be troubled.
Believe in God; believe also in me.
In my Father's house are many rooms.
If it were not so, would I have told you
that I go to prepare a place for you?
And if I go and prepare a place for you,
I will come again and will take you to myself,
that where I am you may be also.
