## *"Footprints In The Sand"*

One night I dreamed I was walking along the beach with the Lord, many scenes from my life flashed across the sky. In each scene, I noticed footprints in the sand. Sometimes there were two sets of footprints. Other times there was only one. This bothered me because I noticed during the low periods of my life when I was suffering from anguish, sorrow or defeat, I could see only one set of footprints. So I said to the Lord, "You promised me, Lord, that if I followed you, you would walk with me always. But I noticed during the most trying periods of my life there has only been one set of prints in the sand. Why, when I needed you most, have you not been there for me?" The Lord replied, "The times when you have seen only one set of footprints it was then that I carried you."
